

CHRISTMAS 2009 CHRISTMAS 2009 CHRISTMAS 2009 CHRISTMAS 2009 CHRISTMAS 2009

CROWN WATCH ALERT

Dateline; Tuesday 22 December 2009

working with

WWW.

Crown Watch now on the Web

We are now on the web. You can get all the latest news to do with what's happening in the Crown Watch area by going to;

www.kenilworthnwatch.wordpress.com

The site has been developed by Crown Watch and is being updated by them with information provided through the neighbourhood watch system operated by Warwickshire Police. We are aiming to publicise the website wider as most of it's content is relevant to Kenilworth in general.

We recognise that not everyone has access to the internet so we will still be issuing and delivering our newsletters and alerts like this one when there is a need to do so.

So next time you are on the web check us and let us know what you think, but remember we are amateurs!

Ready > Steady > Go

Don't have your Christmas ruined by the latest crime wave taking place in the general south midlands area. Last week 6 vehicles were taken from owners drives in Solihull whilst they were left running to defrost and get warm. It's simple do not start up your car to defrost it and then leave it running, it's an open invitation to car thieves and remember in most cases you will not get any insurance payout!

Please don't be complacent either, this crime has happened on several occasions in the past in Kenilworth and in this area. So follow some simple guidance; It you need to get the car **READY** then plan for it and give yourself enough time so you can do it **STEADY**, and that means with you in the car at all times, then you can **GO** on your way rather than your car GO forever!

Remember your **Safer Neighbourhood Team** can be contacted on 01926 684404, or at Kenilworth Police Station or at www.safer-neighbourhoods.co.uk/your-neighbourhood/warwick-district/kenilworth/your-team

Tree Damage - Tulip Tree Avenue

In the past couple of weeks some mature trees have been damage with a chain saw. It's not clear what this is about but it certainly is not approved works and therefore is probably criminal damage. So far residents have noticed a van visit the Avenue twice before cutting of the trees took place. If anyone sees any further activity with trees being cut please call the police immediately using 999.
